

## Neyen Tour and Wine tasting

Neyen is the perfect blend of tradition and modernity in Colchagua Valley.

Tourists will be welcomed by the winery host, and then, they will be guided through old vines dating back to late nineteenth century, which give rise to the ultra-premium wine Neyen. The second stage of the visit would be the imposing, and integrating vinification winery, where our visitors will experience this glowing winemaking process, so that they finally walk around the cellar, built in 1890, constituting thus the oldest winery in Apalta. It is in there when the milestone of the tour takes place: Neyen Espiritu de Apalta Wine tasting.
