

Neyen, Apalta Spirit Colchagua Valley's Evening wine Tour

As most other Colchagua's wineries are closing their doors for visitors, Neyen winery opens its facilities for tourists to discover the Spirit of Apalta.

The circuit starts with a stroll through the field where those vineyards which bring Neyen to life are planted, consisting of grapevines dating back to late nineteenth century. Both our winery and cellar - completely illuminated - will be waiting for the tourist, giving life to one of the most beautiful Colchagua's night sceneries. Inside the cellar, visitors will get to know Neyen's winemaking process in an enjoyable and didactic way.

This is the ideal wine tour for those who will stay in Colchagua overnight.
