

On Horseback Ride through Apalta's Natural Reserve

For those who are lovers of wine, horses, trekking, nature, and gastronomy, Neyen Winery has created this full-day program, which starts when the host and the countryman prepare visitors for an on horseback ride or trekking toward Apalta's Natural Reserve. Once on this route our visitors will take delight in the beautiful landscape of Neyen's fields, and its hillsides with native flora and fauna, being the Chilean oak woods the perfect anteroom to reach Neyen's natural pool, where embraced by this natural atmosphere they will enjoy a refreshing snack (cheeses, dried fruits, beverage). After descending the foothills, tourists will enjoy walking through the hundred-year-old vines, the vinification winery, the place where our unique and outstanding wine is produced. Finally, in the cellar, Neyen wine will be presented and tasted.
